REPORT ID GJ-DBS-2009-001

Vehicle Overview

A 2009 DBS in Lightning Silver over Obsidian Black — the manual, naturally-aspirated 5.9 V12 that defined the era. Bought through an Aston specialist in 2023 with full service history and a folder of stamps back to new.

Used sparingly as a weekend GT — barely 2,700 miles added in three years. Kept fastidiously: post-purchase major service, fresh brakes, and Pirelli P Zeros all round. A single reversible modification (Quicksilver sports exhaust); the original system is retained.
